

QE Blueprint

I. Medical Assessment and Management of the Surgical Patient

24 Questions

- A. Cardiovascular
- B. Pulmonary
- C. Musculoskeletal & Nervous System
- D. Endocrine, GI, GU, Metabolic
- E. Behavioral and Psychiatric
- F. Allergy, Immunology, and Hematology

II. Anesthesia and Analgesia

27 Questions

- A. Local Anesthesia
- B. Deep Sedation/General Anesthesia
- C. Multimodal Analgesia
- D. Adult and Pediatric Office-Based Anesthetic Emergencies

III. Dentoalveolar

22 Questions

- A. Erupted/Unerupted Teeth
- B. Dentoalveolar Injuries
- C. Infections
- D. Soft Tissue Procedures

IV. Trauma

27 Questions

- A. Evaluation of the Trauma Patient
- B. Mandibular Injuries
- C. Mid/Upper Facial Injuries
- D. Soft Tissue Injuries

V. Orthognathic/Cleft/OSA

32 Questions

- A. Mandibular Deformities
- B. Maxillary Deformities
- C. Cleft Lip & Palate
- D. Craniofacial Anomalies
- E. Obstructive Sleep Apnea

VI. Cosmetic

24 Questions

- A. Nasal
- B. Periorbital, Upper/Midface
- C. Facial Contour Alteration
- D. Soft Tissue Procedures

VII. Temporomandibular Disorders/Facial Pain

22 Questions

- A. Muscular Disorders, Facial Pain
- B. Internal Derangements
- C. Degenerative Joint Disease
- D. Joint Reconstruction

VIII. Pathology

35 Questions

- A. Benign Lesions of Hard Tissue
- B. Benign Lesions of Soft Tissue
- C. Infectious, Inflammatory, and Autoimmune Conditions
- D. Salivary Gland Pathology
- E. Malignant Lesions of Hard Tissue
- F. Malignant Lesions of Soft Tissue

QE Blueprint

IX. Reconstruction

24 Questions

- A. Nonvascularized Hard Tissue Grafts
- B. Nonvascularized Soft Tissue Grafts
- C. Vascularized Grafts
- D. Pedicle Flap

X. Implants

24 Questions

- A. Biology and Treatment Planning
- B. Prosthetic Considerations
- C. Hard and Soft Tissue Adjunctive Measures
- D. Surgical Technique
- E. Complications

XI. Technologies and Materials

9 Questions

- A. Imaging
- B. Surgical Technologies
- C. Tissue Engineering
